IN EXTENSION
WINTER SESSION 1970-1971
SUMMER SESSION 1971

DIVISION OF UNIVERSITY EXTENSION

DEGREE PROGRAMMES

The objective of the Division of University Extension is to make the resources of the University of Toronto available to adults who are prepared to engage in part-time study. The Division offers degree courses in three sessions: the Winter Session, the Summer Evening Session, and the Summer Day Session. It is possible for an eligible student to enter the University at the beginning of any of these sessions.

ADMISSION REQUIREMENTS

There are two categories of students enrolled in Degree programmes. The first category is composed of Regular Students who are proceeding to a degree of the University of Toronto in the Division of University Extension. The second category, which is much smaller, is composed of Special Students who are taking degree courses but are not proceeding to a degree of the University of Toronto. These students will use the credits at other universities, or faculties within the University of Toronto.

Candidates for admission as a Regular or Special Student may be admitted to the University of Toronto in one of the following ways:

- a) with an Ontario Grade XIII (or equivalent) certificate.
- b) as a mature student with less than the full admission requirements. Mature students are only eligible for the Regular student category.
- c) with an acceptable degree from a recognized university.
- d) with an incompleting degree from a recognized university.

In all cases, admission depends upon the candidate having a sufficiently high standing to compete successfully for one of the available places.
